Going green is not a luxury

At One For All we believe that a successful company – one that is truly valuable to customers, consumers, partners, employees, shareholders, and the community – displays excellence and integrity not only in the products it makes but in how it conducts itself every day.

Part of being a good corporate citizen is contributing to a sustainable future. As the leading global manufacturer of wireless universal entertainment control and sensing products and technology, we have developed a set of best practices to do just that.

Innovation at the core

We were founded on innovation and rely on leading minds to push us forward.

Total inclusivity

We are an equal opportunity employer that values an inclusive culture and individualism.

Ultimate flexibility

We offer a world-class benefit package and value work/life balance.

Respect for human rights

We encourage a culture where everyone is valued and respected and their voice is heard.

Award winning packaging

One For All is proud of the packaging Innovations Award we recently won in 2022. Our team redesigned the packaging to zero plastic but the packaging has the same level of presentation and protection as the previous generation. We will continue with initiating new Green projects to reduce our footprint.

Why work with us?

- ISO certified factory locations
- Following the strictest standards on social responsibility
- Independent quality assurance teams assuring the best quality

Add Value for the Channel

- Well balanced product ranges
- Innovative product solutions
- Award winning product designs

The market leader in TV Accessories

Influence the Customer (instore)

- Best in class, self-selling, packaging
- Best in class point of sale solutions

Our One For All brand values

Simplicity | Meaningful | Universal | Design | Reliable

Influence the Customer (online)

- Best in class A+ content
- Digital product selectors across multiple platforms
- Strong social presence

Specialist

One For All; TV accessory specialist and the right partner for you

- We have a **full assortment** and can cover all your needs
- We are able to do **category management** and take away all your worries
- We know the consumer and the customer journey like no other and have all the support tools to **support this journey**

Leader

One For All; Leading the market in Wall Mounts, Antennas and Remotes

- We have universal, reliable and simple products, with meaningful **Unique Selling Points** for the consumer
- We design and develop new products and technologies which are **innovative** and **meaningful**

Support the Customer

- Great unboxing & onboarding
- In-house customer support, active on all major (social) channels
- Various apps to support installation (available on Android and iOS)

Partner

One For All; Partner for the future and not limited to existing solutions

- We **understand** the market and **know** where the market is going
- We are investing in solutions to further support the Customer Journey, increase attach rate, cross/up sell and reduce returns

device
for all

Remote Controls

Our Universal Remotes are smart, reliable and easy to use and are guaranteed to make life easier. One remote for all your devices.

Meaningful solutions for everyday use

Our mission is to bring ultimate home comfort to you and your family by putting you in control of your own home entertainment appliances, ensuring there is time to relax and enjoy life together. We do this by creating smart technology with the sole purpose of making life less complicated.

Ultimate home comfort

One For All is the worldwide leader and inventor of universal remote controls to suit any lifestyle. We aspire to make your life easier by putting you in complete control of your home entertainment appliances, giving you peace of mind to enjoy your home to the fullest.

Optimal design & simplicity

With 30 years of expertise and technical know-how, our One For All Dutch design lab continually creates meaningful and stylish universal remote controls which are smart, functional and reliable. Our Designation programme believes design should be rooted in user insights inspired by consumer trends and enabled by proven technology.

Built to last

State-of-the-art technology aims for our remote controls to work 100% on future devices. Our ultra modern remote controls are fully compatible due to our world's most complete database supporting over 13,000 brands and more than 1.200,000 Device Models! The database is continuously being updated, which means you can keep up with the latest hi tech trends, now and in the coming years.

One device for all

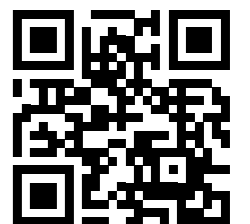

Clutter on the coffee table? Not knowing which remote to use? Sounds familiar? A One For All universal remote control conveniently connects up to eight devices in your house at once. Uniquely this one handheld remote replaces the remotes for your TV, Blu-ray, streaming devices like Apple TV, soundbar, DVD, game consoles and media centre.

Remotes

Features

One device for all

Smart Remotes

features

Customisable Favourite's Screen

The OFA Smart Pro Touch Remote offers a fully customisable Favourite's Screen, allowing users to seamlessly combine and organize all their favourite Activities, Apps, and Devices into a single, personalized interface for quick and easy access.

SimpleAudio

Control the volume (and mute) of your Sound bar/Audio Receiver thanks to the new Audio Feature. Set up the remote to control your TV and Sound bar/ Audio device as if they were one!

100% Compatible

Works with all TVs, Soundbars and Infrared Controlled Streaming devices like Roku, Apple TV, Now TV and many more.

Learning

The learning feature ensures you can easily add any function from your original remotes, giving you every key you need!

Smart Pro Series Remote Controls

Smart activities, Favourite Screen, Device and Activity Control, App direct keys, learning via App, find your remote feature, Macros, Volume Lock, discrete functions and a 100% Guarantee to work. All features of the new Smart Pro Series of remote controls.

App Shortcut keys

App Shortcut keys can be programmed for viewing streamed content. If your original remote control already had a key for this - for example many Roku streamers will have a Netflix and Amazon key - then this key will perform exactly the same as the key on your original remote.

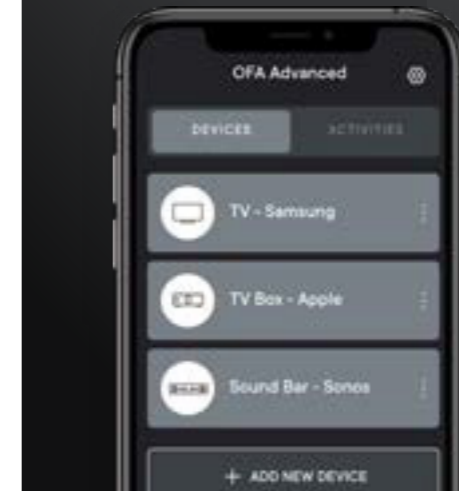

Smart activities

Smart activities (such as Watch TV / Watch Movie / Listen to Music) offer seamless control of your devices without changing between device types. E.g. channel keys operate Set Top Box, volume keys operate Audio Receiver.

Easy Setup via OFA Advanced App

The One For All Advanced Setup app is used to easily set up devices and features on the One For All Smart Control models.

Ultimate home comfort
 One For All is the worldwide leader and inventor of universal remote controls to suit any lifestyle.

For more information on our remote features please visit oneforall.com/youtube

Remote Controls

The customer journey for a consumer to search, find and enjoy the right product

The One For All store display is designed to direct the consumer to the right remote. Both the shelf and packaging offer multiple solutions for finding the most suitable product.

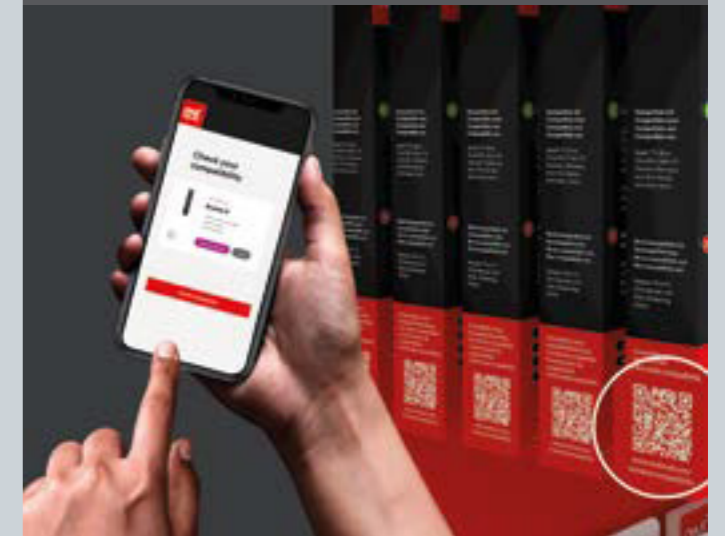

Step 1

Product Finder QR code

- Scan the QR code
- Choose the most appropriate product

Step 2

Compatibility Check QR Code

- After selecting the product, scan to ensure compatibility
- Also works when no POS is available

Step 3

One For All setup app

- Gives the consumer confidence in the setup and functionality of the product
- Intended for after sales use
- To download the app, scan this QR code:

Step 4

App Download

- QR code inside manual links to the download page for the app
- Only necessary after the consumer has purchased the product
- App assists with the setup of the product

Optimal TV reception every time

TV Antennas

Ultra-modern and stylish TV antennas brandishing the latest cutting-edge technology. Guaranteeing optimal TV reception every time.

Expertise counts

Being market leader in the design of innovative indoor TV antennas, we stay one step ahead of the competition by setting the latest trends. We develop antennas using the latest technologies which are functional in design and purpose, so you can stay ahead of the game. Walk through our product selector and we can guarantee you will find an antenna which best fits your needs.

Top quality reception

At One For All we are renowned for our pioneering TV indoor antennas which work in any home situation. Capable of receiving signals up to 50 km / 30 miles from the nearest transmitters, our Ultra-modern designs guarantee the best possible signal quality and TV reception. Which means you can enjoy your favourite shows with a perfect crystal clear picture.

Unique Dutch design

We have designed easy-to-use TV antennas to suit all needs. From stylish indoor antennas which blend in perfectly with your modern interior to powerful outdoor antennas. For analogue broadcasts, terrestrial digital video broadcasts DVB-T/T2 (Freeview) and Full HD and Ultra HD 4K, we have a TV antenna to match your TV.

Tech savvy

To avoid interference, we design TV antennas to have active noise reduction filters with 3G/4G/5G block filters for top-notch reception. Our leading-edge technology features 360° Multi-directional reception and automatic gain control, which ensures the correct gain level at all times.

Cut the cord

Many people are abandoning cable for streaming and Internet-based media. If you are one of these cord-cutters, then a TV antenna is essential for live television. As trusted TV antenna specialists, we will help you find your perfect TV antenna to fit your home life situation.

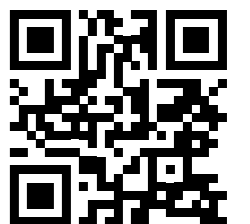

Product selector tool

We offer you the perfect antenna selector tool.

TV Antennas

Features

Multi directional reception

No need to point our antennas in any particular direction. Its multi-directional technology helps with the reception of more channels, avoiding blind spots.

Ultra HD Television

We designed our antennas with maximum reception performance in mind, compatible with DVB-T/T2 programmed broadcasts in up to 4K Ultra HD.

Signal Level Indicator

The strength of the incoming signal is displayed with small LED indicators. This unique feature helps you get the best out of your antenna.

Automatic Gain Control

The required level of gain changes from time to time. Automatic Gain Control ensures the correct gain level at all times.

TV Antennas

The customer journey for a consumer to search, find and enjoy the right product

The One For All store display is designed to direct the consumer to the right antenna. Both the shelf and packaging offer multiple solutions for finding the most suitable product.

Step 1

Product Finder QR code

- Scan the QR code on POS or packaging
- Choose the most appropriate product

Step 2

One For All assistant app

- Gives the consumer confidence in the setup and functionality of the product
- Intended for after sales use
- Download the app:

Step 3

App Download

- QR code inside manual links to the download page for the app
- Only necessary after the consumer has purchased the product
- App assists with the setup of the product

Step 4

Augmented Reality Feature

- Helps to find the nearest transmitter
- Will guide you easily through the installation for best performance

Make the most of your space

Wall Mounts

Stylish and innovatively designed for the optimal TV viewing experience. Completely safe and functional for total protection.

Optimal viewing experience

At One For All we design reliable and versatile TV wall mounts using up-to-the-minute technology to ensure your TV is positioned perfectly in your home. Our wall mounts guarantee your television is at the right angle for optimal TV viewing, so you can enjoy watching your favourite programme with your family in comfort.

Complements your interior

Whether you wish to create a home cinema in your living room or have an extra TV in the corner of the kitchen, our design team have created well-thought-out TV wall mounts which are modern-looking, functional and compatible with all TV brands. Our smart engineering uses durable materials and features ultra-slim design, dual-arm technology and a click and release system.

Make the most of your space

Our wall mounts have the freedom and flexibility to move up to 100" TVs to the perfect position in your room. Tilting, swiveling or rotating from 180° horizontal to 20° vertical with ease and precision. Ideal for corner mounting, which means no more straining necks or dealing with glare.

Safeguarded Dutch design

With innovational One For All engineering realised in the Netherlands, our experts produce high-quality brackets with a robust design and lifetime* warranty, for any type of OLED, QLED or LED TV. One For All wall mounts are thoroughly tested to ensure your TV is safely secured against the wall, guaranteeing worry-free protection.

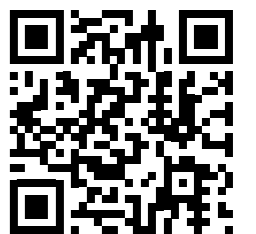

Product selector tool

We offer you the perfect wallmount selector tool.

For a quick and easy search:

www.ofa.com/wallmounts

Wall Mounts

Features

Make the most of your space

Auto lock & Easy release

No extra pair of hands needed. Click your TV easily into the mount with the integrated lock and release mechanism. Should you have to remove your TV from the wall, just unlock and release.

Anti-scratch padding

The arms that your TV is attached to feature soft padding to protect the TV while connected.

Easy Cable Access

Tilt your TV upwards, and lock into place, giving easy access to your TV connections.

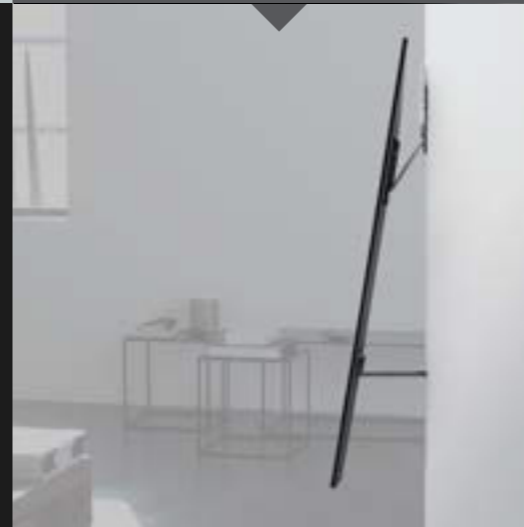

Easy leveling after installation

The level of the Wall mount can easily be adjusted after installation. You can always be sure your TV is straight.

Height Adjustable

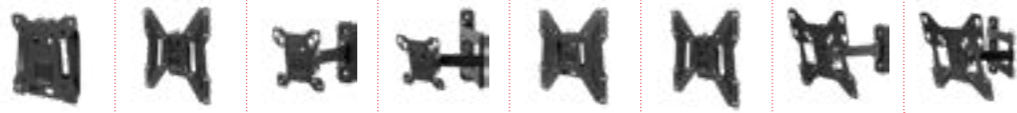

Perfect for Gaming or mounting your TV in your Kitchen or Bedroom

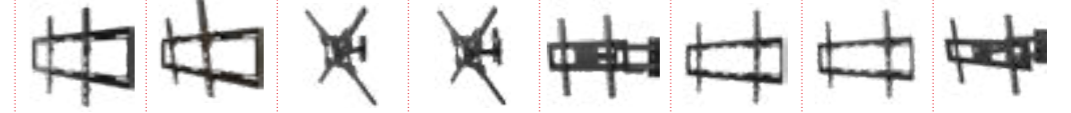

Optimized for stud walls

We offer a wide range of solutions that are tailored for studded walls up to 24" / 600mm

Wall Mounts

The customer journey for a consumer to search, find and enjoy the right product

The One For All store display is designed to direct the consumer to the right wall mount. Both the shelf and packaging offer multiple solutions for finding the most suitable product.

Step 1

Product Finder QR code

- Scan the QR code
- Choose the most appropriate product

Step 2

Compatibility Check QR Code

- After selecting the product, scan to ensure compatibility
- Also works when no POS is available

Step 3

One For All assistant app

- Gives the consumer confidence in the setup and functionality of the product
- Intended for after sales use
- To download the app, scan this QR code:

Step 4

App Download

- QR code inside manual links to the download page for the app
- Only necessary after the consumer has purchased the product
- App assists with the setup of the product

Built with purpose

TV Stands

Contemporary interior design pieces which are flexible, practical and fit any modern living room. Easy no-drill installation in minutes.

Handy flexibility

We design TV stands to be as unique as your prize possession - your TV. We believe a stand should not be a necessity, but a well-thought out piece of interior design furniture which has the flexibility to be positioned anywhere in your home. Even when you fancy a change!

Part of the furniture

It's the little things in life that matter. That's why we are meticulous about the finer details - even in our TV stands. We design to save space by creating a clean and minimalistic look which complements any stylish interior. Using only the finest materials, we guarantee a top of the range TV floor stand that really becomes part of the furniture!

Built with purpose

Designed in the Netherlands, our top-notch 360° swivel stands with height adjustment features are built with design and purpose in mind. We want a TV stand to do its job properly and ensure you always have the right angle for the best TV viewing experience avoiding any unwanted glare.

Simple to install

All our free standing TV stands are made using the highest quality materials and adhere to all safety standards to keep any worries at bay. Our TV floor stands are extremely easy to self-assemble in a matter of minutes without the need for a drill or handyman. Life couldn't be easier.

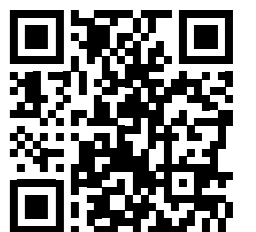

Any TV, any brand

Like all our unique products, our adjustable TV stands are built to be universal. Our stands work with every type of smart TV and brand on the market. It's our mission to deliver practical and everyday solutions which suit your home situation perfectly.

Find the right TV-stand for your home

View all on our site:
www.oneforall.com/tv-stands

TV Stands

Features

One device for all

Clean, stylish and clutter free...

Following its clean and modern design, our freestanding TV stands feature a cable management system ensuring tidy organisation of your cables.

Designed for stability

All TV Stands are engineered to assure stability for your TV. All angles are carefully chosen to ensure a low center of gravity. Additionally, you can use the included wall anchor for extra security.

Equipment storage

No need for any additional furniture cluttering your home, Our TV Stands smartly integrate storage space into their modern design; devices such as Set Top Box, Apple TV and other media players can be fixed and hidden in the back.

Soundbar holder

Our Quadpod TV Stand complements its patented design with a universal soundbar holder compatible with any types of soundbars for a complete TV viewing experience.

Handy flexibility

Your television will always be at the right position for optimal TV viewing, the Tripod TV Stand features 360° swivelling, it is height adjustable, and can easily be repositioned in your home.

TV Stands

The customer journey for a consumer to pick the right product

One For All has a whole range of POS solutions to show the range of TV stands on the shelf. This will help the customer to make the right choice.

Desktop Monitor Mounts

**Stylish and ergonomically design
for the best working and/or gaming
experience.**

**Versatile, safe,
packed with tons
of features.**

Optimal viewing experience

At One For All we design reliable and versatile monitor arms to ensure your monitor is positioned perfectly on your desk, whether it is at home or in the office. Our monitor arms guarantee the screen is always at eye level, no matter if it is your kids (or you!) that are gaming or you are crunching numbers. All models support portrait AND landscape orientation for the screen.

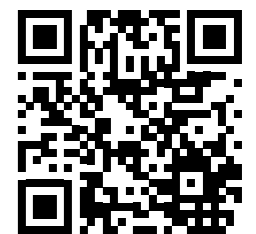

Make the most of your space

Our monitor arms have the freedom and flexibility to move to the perfect position with a minimal footprint on your desk. Tilting, swiveling or rotating with ease and precision, which means no more straining necks or dealing with glare.

Simple to install

All our monitor arms are made using the highest quality materials and adhere to all safety standards to keep any worries at bay. Our products are extremely easy to self-assemble in a matter of minutes without the need for a drill or handyman. Life couldn't be easier.

Product selector tool
We offer you the perfect
wallmount selector tool.

Desktop Monitor Mounts

Features

Cable Management

To ensure a clean appearance and smooth movement of your monitor arm, all products integrated cable management.

Easy leveling after installation

The level of the Monitor can easily be adjusted after installation. You can always be sure your Monitor is straight.

Multiple Mounting Options

One For All Monitor Arms include multiple mounting options. You can easily clamp the arm to your desk or, for a cleaner and more flexible appearance, drill a hole and use the included grommet.

No need to crawl under your desk

All Solid and Design Line monitor arms include a special topside c-clamp that can easily be fixed to your desk from the topside.

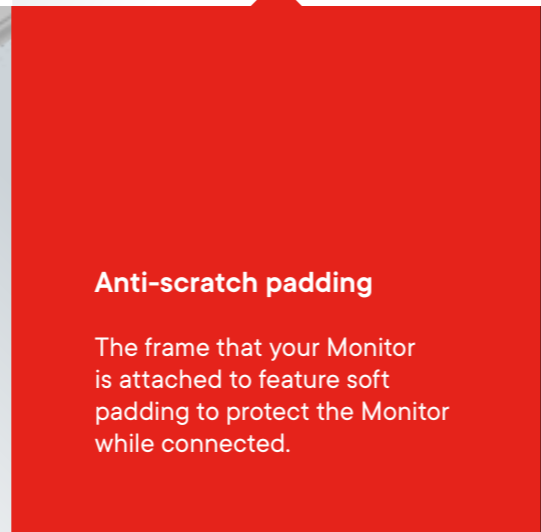

Mechanical Springs with Adjustable tension

One For All Solid and Design Line monitor arms use a mechanical spring system. This assures a long lifetime with minimal environmental impact. The strength of the spring can easily be adjusted to match your screen size/weight.

Anti-scratch padding

The frame that your Monitor is attached to feature soft padding to protect the Monitor while connected.

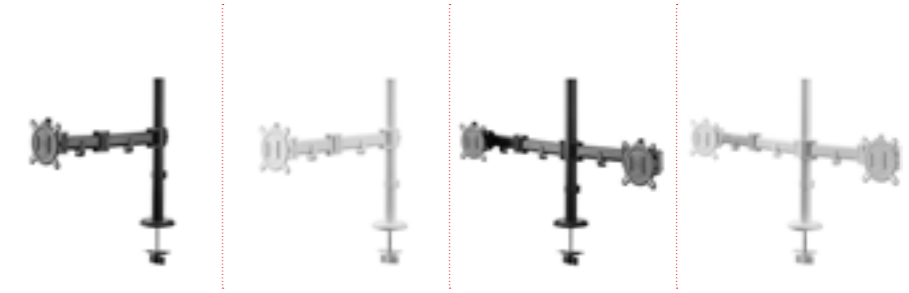

Ultimate gaming experience

Enhance your gaming experience with our Universal Gaming Monitor Mount, featuring integrated RGB lighting for a stylish and immersive setup.

Desktop Monitor Mounts

The customer journey for a consumer to search, find and enjoy the right product

Both the shelf and packaging offer multiple solutions for finding the most suitable product. The One For All store display is designed to direct the consumer to the right monitor mount.

Step 1

Product Finder QR code

- Scan the QR code
- Choose the most appropriate product

Step 2

Compatibility Check QR Code

- After selecting the product, scan to ensure compatibility
- Also works when no POS is available

Step 3

One For All assistant app

- Gives the consumer confidence in the setup and functionality of the product
- Intended for after sales use
- To download the app, scan this QR code:

Step 4

App Download

- QR code inside manual links to the download page for the app
- Only necessary after the consumer has purchased the product
- App assists with the setup of the product
